JOIN THE SCIENCE FOR SAFETY FUND

Your gift helps CPE turn data into safer, more equitable public safety solutions in Black communities.

The Science for Safety Fund is CPE's community of individual donors. Every member, whether you give $25 a month or $10,000 a year, powers the science and data work that helps communities and public safety leaders redesign what safety looks like.

WHY YOUR SUPPORT MATTERS

Unrestricted support. Annual fund gifts are unrestricted, so CPE can put them where the research and community partnerships need them most.

Predictable support. Predictable support. Monthly and annual gifts give CPE steady revenue to plan around, so we can commit to long-term research and partnerships.

Every gift counts. Every gift counts. Together, gifts of every size add up to fund the research behind community-driven public safety solutions. Every donor is part of the fund.

YOUR LEVEL IS BASED ON YOUR GIVING EACH YEAR

Each giving tier receives specific rewards. Monthly donations count from the first gift: $25 a month is $300 a year, which makes you an Advocate right away.
